I am a creative and driven college student pursuing a career in Information Technology. I grew up immersed in the world of science and tech, and my passion for fields such as IT, robotics, 3D design, and sound engineering reflect this. My interdisciplinary experience lends to my adaptability and leadership skills, and I take pride in my ability to produce creative solutions in high-pressure situations.

## Education

2018 - 2022 **B.S. Information Technology** - New Jersey Institute of Technology  
(*Network and Information Security Specialization*) - 3.75 GPA, Dean's List
